#### INDEPENDENT AUDITOR'S REPORT

To the Directors of Fondation CHUDUMONT Foundation Inc.

#### **Qualified Opinion**

We have audited the financial statements of Fondation CHUDUMONT Foundation Inc. (the Foundation), which comprise the balance sheet as at March 31, 2024, and the statements of revenues and expenses, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2024, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

## **Basis for Qualified Opinion**

However, in common with many charitable organizations, Fondation CHUDUMONT Foundation Inc. derives revenue from donations of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of Fondation CHUDUMONT Foundation Inc. Therefore, we were not able to determine whether any adjustments might be necessary to recorded contributions, the excess of revenues over expenses, and cash flows from operations for the years ended March 31, 2024 and March 31, 2023, current assets as at March 31, 2024 and March 31, 2023, and net assets as at April 1 and March 31 for both the 2024 and 2023 years.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is included in the appendix of this auditor's report. This description, which is located at page 4, forms part of our auditor's report.

#### APPENDIX TO INDEPENDENT AUDITOR'S REPORT

# Description of the Auditor's Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### 1. Statutes of incorporation and nature of activities

The Fondation CHUDUMONT Foundation Inc. ("The Foundation") is constituted as a non-profit organization whose purpose is to:

Receive and maintain a fund or several funds and allocate all or part of its capital or income arising therefrom from time to time to the Dr. Georges-L. Dumont University Hospital Center to the extent that the Regional Health Authority A is a qualified donee as defined in subsection 149.1(1) of the Income Tax Act (Canada), with all its modifications in order to support medical research, teaching, care and well-being of patients at the Dr. Georges-L. Dumont University Hospital Center.

Receive and maintain a fund or several funds and allocate all or part of its capital or the income arising therefrom from time to time to any other qualified donee as defined in subsection 149.1(1) of the Income Tax Act (Canada), with all its modifications to support all medical research, teaching and health care improvement initiatives in New Brunswick.

The Foundation is a registered charity under the Income Tax Act.

## 2. Significant accounting policies

The Foundation applies the Canadian accounting standards for not-for-profit organizations.

#### **Fund accounting**

Externally restricted net assets represent resources contributed for specific purposes.

Internally restricted net assets represent resources that have been allocated for specific purposes by the Board of Directors of the Foundation.

#### Revenue recognition

The Foundation follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Endowment contributions are recognized as direct increases in net assets in the year.

#### **Contributed services**

The Foundation would not be able to carry out its activities without the services of the many volunteers who donate a considerable number of hours. Because of the difficulty of compiling these hours, contributed services are not recognized in the financial statements.

#### 2. Significant accounting policies (continued)

#### Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the amounts recognized as revenues and expenses for the periods covered. Actual results may differ from these estimates. The critical estimates relate to the the useful lives of property, plant and equipment.

#### Cash and cash equivalents

The Foundation's policy is to present bank balances, including bank overdrafts with balances that fluctuate frequently from being positive to overdrawn, under cash and cash equivalents.

#### Capital assets

Capital assets are accounted for at cost. Amortization is calculated using the following methods, rates and period:

	Methods	Rate or period
Equipment	Declining balance	20% to 55%
Improvements to office space	Straight-line	5 years

#### **Financial instruments**

#### Initial measurement

The Foundation initially measures its financial assets and liabilities originated or exchanged in arm's length transactions at fair value. Financial assets and liabilities originated or exchanged in related party transactions, except for those that involve parties whose sole relationship with the Foundation is in the capacity of management, are initially measured at cost.

## Subsequent measurement

The Foundation subsequently measures all its financial assets and liabilities at cost or amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in fair value of these financial instruments are recognized in net income in the period incurred.

Financial assets measured at amortized cost using the straight-line method include cash and accounts receivable.

Financial assets measured at fair value include fixed income securities and quoted shares.

# 2. Significant accounting policies (continued)

# Financial instruments (continued)

A financial liability issued by the Foundation in an arm's length transaction indexed to a measure of the Foundation's financial performance or to changes in the value of the Foundation's equity is remeasured at the higher of the amortized cost of the debt or the amount that would be due at the balance sheet date if the formula determining the additional amount was applied at that date. The amount of the adjustment relating to the additional amount is recognized in income and presented as a separate component of interest expense.

#### 3. Accounts receivable

Holt	The space   4,114   4,059   55	The space   4,114   4,059   55

#### 8. Commitments

As of March 31, 2024, the Foundation is committed to contribute a total of \$8,480,542 to the Regional Health Authority A Zone 1B. The amount of \$8,480,542 is not due to be paid out completely in the next fiscal year, but rather it will be disbursed as the projects are finalized or as the allocated funds are required by the Hospital.

## 9. Contingency

No provision has been made in the organization's accounts for unclaimed staff sick time, for which a future liability is likely, but the portion that will be actually used cannot be reasonably estimated. As at March 31, 2024, the employees of the organization have accumulated sick time in the amount of \$95,790 (2023 - \$59,688). This amount has not been recognized in the financial statements of the organization as it is only payable if and when the employees become ill.

#### 10. Financial instruments

#### Financial risks

The significant risks arising from financial instruments to which the Foundation is exposed as at March 31, 2024 are detailed below.

#### Credit risk

Credit risk is the risk that one party to a financial asset will cause a financial loss for the Foundation by failing to discharge an obligation. The Foundation's credit risk is mainly related to accounts receivable and notes receivable.

#### Liquidity risk

Liquidity risk is the risk that the Foundation will encounter difficulty in meeting obligations associated with financial liabilities. The Foundation is exposed to this risk mainly in respect of its accounts payable.

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Foundation is exposed to interest rate risk on its fixed-interest rate financial instruments. Fixed interest rate instruments subject the Foundation to a fair value risk, since fair value fluctuates inversely to changes in market interest rates.

#### Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices, other than those arising from interest rate risk or currency risk, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Foundation is mainly exposed to other price risk through its investments in quoted shares for which the value fluctuates with the quoted market price.

#### 11. Comparative figures

Certain figures for 2023 have been reclassified to conform to the presentation adopted in 2024.
